Temporary Structures Form

Event: _____ Date: _____

Please fill out the following information to enable Council to determine if a development application is necessary for the temporary structure/s you are planning to erect:

How many temporary structures are to be erected?

What is the size of the temporary structures?

If erecting more than one temporary structure, what will be the distance between each structure? Please submit a rough site plan showing the layout of the temporary structures.

Please provide the name of the company supplying the temporary structures.

Has the structure been certified by a structural engineer or the Building Commission? If so, please provide a copy of the compliance document.
