WENTWORTH & DISTRICT COMMUNITY BANK® BRANCH FOOD & WINE MARQUEE

Wentworth Show Food and Wine Marquee

Dear Exhibitors,

Supplying adequate electricity to ensure that all our traders have a trouble free show is always a major undertaking.

It will assist us greatly if you can do two things:

1. Consider your power needs carefully :

- Bain Maries draw a great deal of power, so please minimise these.
- Consider sharing a cool room with another exhibitor – I can help you get in touch with other traders
- If it is possible to cook with gas, this would be appreciated. Gas cylinders must have a current stamp of approval, and you must supply your own extinguisher and fire blanket.

2. List all items that you are planning to bring and connect to Showgrounds power. This includes anything that you may be connecting via power boards, or double adaptors. We also need to know whether appliances are 10 or 15 amp. Please return this information with your site application. Please remember all items must be tagged and tested prior to arriving at the site.

Please note: Power will be supplied to your site. You will be required to supply all power leads that you will use. These also must be tagged and tested.

Regards

Liz Dawes
